REQUEST FOR PROPOSALS
FOR CONCRETE CONSTRUCTION SERVICES – ADDENDUM #1
EAGLE COUNTY, COLORADO**

February 1, 2019

Potential Bidders on Concrete Construction Services Eagle-Vail Sheriff Substation

RE: Addendum to the Request for Proposals for Concrete Construction Services

To Potential Bidders:

Eagle County has received several questions regarding the Request for Proposals (RFP) to perform concrete pavement demolition and reconstruction at the Eagle-Vail Sheriff Substation.

1. What type of professional services would the GC be performing?

Professional services will include, but is not limited to, concrete demolition, excavation, grading, proof-rolling, concrete forming, concrete placement, gutter installation, and hand-rail installation.

2. Are we required to hire a sub that provides professional services?

No.

3. Do you require a bid bond be submitted with this project?

No.

4. What is the scheduled time frame?

Construction is anticipated to begin in May 2019 with completion no later than June 30, 2019.

5. Will the owner be providing materials testing (QC/QA)? If not, is it required and who will be responsible for providing?

No, materials testing will not be required and the owner will not provide materials for testing.

6. Are any permits and inspections required? If so, who will be responsible for acquiring and paying fees?

No, permits will not be required. Inspections will be performed by Eagle County staff.

7. Will traffic control or signage be required?

No.

If you have any additional questions please feel free to contact me.

Sincerely,
EAGLE COUNTY ENGINEERING DEPARTMENT
